

PROJECT WORK “PROFESSIONAL FAIRY-TALE FOR IT”

Project goal

1. Learn about your major.
2. Enlarge the professional vocabulary.
3. Demonstrate the ability to present the professional data in a creative way.

Procedure:

Step 1. Surf the Internet for search of extra information about your major (search by key words only in English). Analyze the information.

Step 2. Choose the issue that is the most relevant and interesting to you. Make up a glossary of professional terms. Be ready to present it to your groupmates.

Step3. Work in groups of 4-5 people. Register on the web-site <https://storybird.com/>

Step 4. Create your own story about your major. Create fairy-tale characters. Include new and interesting facts about computers. Make your story funny. Don't forget to make intriguing dialogues. Make sure that a story is not less than 40 sentences.

Step 5. In class present a story in reading. One – for the author, another – some character, etc ... You can include music in presentation.
